QUESTION 1

When integrating with a Cisco Conductor, a Cisco TelePresence Server must be configured in which mode?

- A. API mode
- B. standalone mode
- C. locally managed mode
- D. remotely managed mode

Correct Answer: D

QUESTION 2

What is one advantage of importing Cisco Unity Connection users from Cisco Unified Communications Manager?

- A. The extension can be manually changed.
- B. The extension stays synchronized with the user extension.
- C. Voicemail features can be administered.
- D. Voicemail does not require an additional license.

Correct Answer: B

QUESTION 3

A network administrator finds directory number 77555 in the partition. Which numbers can reach 77555 in this situation?

- A. Only numbers in the partition can reach 77555.
- B. All numbers in every calling search space can reach 77555.
- C. Only internal directory numbers can reach 77555.
- D. Directory number 77555 cannot be reached by any number.
- E. All numbers on the cluster no matter the calling search space

Correct Answer: A

QUESTION 4

Which three rules are valid transfer rules in Cisco Unity Connection? (Choose three.)

- A. Standard
- B. Alternate
- C. Closed
- D. Holiday
- E. Nonstandard

Correct Answer: ABC

Standard Transfer Rule This transfer rule applies during the work hours that your Cisco Unity administrator specified for your organization, or in other situations when no other transfer rule is enabled. By design, the standard transfer rule cannot be disabled. **Alternate Transfer Rule** Enable this transfer rule to apply during a specific time period when you want to override the other transfer rules. For example, you may want to route all your calls directly to voice mail while you are out of the office or you may want to transfer your calls to a different extension if you are temporarily working from another location. As long as it is enabled, the alternate transfer rule overrides all other transfer rules. **Closed Transfer Rule** Enable this transfer rule if you want Cisco Unity to perform different transfer actions during the nonwork hours that your Cisco Unity administrator specified for your organization. (For example, you may want to route all your calls directly to voice mail during nonwork hours.) As long as it is enabled, the closed transfer rule overrides the standard transfer rule during nonbusiness hours.

QUESTION 5

Which two actions take place for proper operation when using Advanced Networking on VCS (Choose two.)?

- A. Automatic routing must be enabled.
- B. Manual route must be added using x command route add.
- C. Network interface must reside in the same subnet.
- D. NAT reflection must be enabled on the firewall.
- E. Network interface must reside in separate subnet.

Correct Answer: BE
