Vendor: Microsoft

Exam Code: 70-348

Exam Name: Managing Projects and Portfolios with Microsoft PPM (beta)

Version: Demo

QUESTION 1

Your company has had several large projects fail due to cost overruns and the lack of available resources. These projects use an enterprise project type named Large IT Project and use a workflow to govern the approval of the projects. The workflow consists of four phases; Initiate, Plan, Execute, and Close.

You need to use Microsoft PPM to compare the value that a new project provides with the cost of implementing the project.

Which three configuration changes should you make? Each correct answer presents part of the solution.

- A. Navigate to PWA Settings Edit the Large IT Project project type, and in the Available Project Detail Page section, add the Strategic Impact form.
- B. Create a project-level custom field that will be used to enter the total cost of a project
- C. Define your company's strategic drivers, and enter them into the Strategic Impact form.
- D. Create a project-level custom field that will be used to enter the value statements of why this project should be undertaken.
- E. Define your company's strategic drivers and enter them into the driver library.
- F. In PWA Settings, edit and then save the stage information. In the Available Project Detail Page section, add the Strategic Impact.

Correct Answer: BCE

QUESTION 2

You are using Microsoft PPM to manage an e-commerce portal development program. The program is separated into individual projects that represent each area of development.

You have the following requirements:

All work and progress on individual projects must be reflected in the e-commerce portal development program.

Each group must be able to manage their own tasks.

You need to set up the e-commerce portal development program and its associated projects in Microsoft PPM.

Where should you add resources?

- A. in the e-commerce portal development program project site
- B. in the individual project schedules
- C. in Build Team, in the e-commerce portal development program schedule
- D. in the individual project sites

Correct Answer: C
